EXPECTED LANGEVIN WILL RECOVER FROM SNAKE BITE.

Swelling is Going Down and He is More Restful at Backus Hospital—Can Tell Definitely Tonight.

At the Backus hospital on Tuesday evening it was reported that Napoleon Langevin of North Stonington, who was bitten by a copperhead, was quite a little improved, so much so that his recovery is looked for. This can be definitely told by tonight, as it takes four days to determine whether the poison is out of his system. The swelling of his head has gone down considerably under the treatment and he is more restful, although suffering much pain.

Langevin, it is said, is the man of whom there have been many complaints about the exhibition of snakes that he has had at the place where passengers alight to go up Lantern Hill. He claimed they were "Lantern Hill snakes" and charged the sum of ten cents for a peep at the edifying sight. In his estimation only the exhibition has been a drawing card for the Hill.

Norwich young folks are in for special luck, for it is related that one of the shooting stars which will be visible from all corners of the state has a tail 200,000,000 miles long. Lots of kisses can be landed while that comet is passing a given point. A cloudy night will be a disappointment.

(Special to The Bulletin.) Hartford, July 27.—The New London county fair association will benefit from the appropriation for incorporated societies, which passed the senate today, and has yet to pass the house, which amounts in all to \$5,000, if during the four years preceding the next fair it has not declared or paid a dividend. The law provides that each year an amount equal to the premiums paid by the fair association shall come to it from the state, up to \$500, but the premiums concerned must not include any money paid for horse racing, trials of speed or recreation or amusement. After this has been paid, whatever balance remains shall be apportioned to the different fairs receiving money from the state, in proportion to the amount of premiums and gratulities they actually pay in cash to exhibitors over the \$200 mentioned.

## GIFT FOR CAPTAIN TARBOX

Cutglass Water Set Presented by Fifth Company—Fifteenth Wedding Anniversary Fell During Tour of Duty.

There was a meeting of the Fifth company, C. A. C. N. G., at the army on Tuesday evening, which will be the final one for the season. This was for the purpose of straightening out the uniforms and lockers and getting the equipment in shape for the summer, before the tour of duty. There was a large attendance during the evening. Unknown to Capt. W. G. Tarbox a surprise had been arranged for him, and at the proper time First Lieut. Charles R. Nichols, in a well given speech, presented the popular captain with a cut glass water set, which was a gift of handsome design. The gift was from the company, and Lieutenant Nichols took occasion to refer to the devoted attention of the captain to the company and the much hard work he has put in for its welfare with noticeable results. Although taken wholly by surprise, Captain Tarbox did not lack for words in expressing his appreciation of the gift and treasures it highly because of the spirit in which the gift was made. The gift was prompted by the fact that July 13 marked the 15th wedding anniversary of the captain. This became known during the evening and the gift was planned Tuesday night, being the first time the company has met together since returning from Fort Mansfield.

The company pay for camp is expected within a few days and will be distributed to the men as soon as received.

Thursday night the members of the Third company of the army to get their belongings in order for the summer.

Captain Hagberg Goes to Wakefield. This morning Captain Hagberg of

The Third company leaves for Wakefield, Mass., for the New England shoot, being a member of the state rifle team. Lieutenant Coleman was also selected as a member of the team to attend the national shoot at Camp Perry, Ohio, next month, but being unable to attend, he decided not to go to the Wakefield shoot, which is considered a good opportunity for practice for the national shoot and the one who will substitute for him will go in his place. This is the first time the Connecticut team has been to Wakefield, and it goes this year because Adjut. General Cole is the president of the organization.

The most accurate shooting ever seen on the Bay state rifle range marked the closing day of the New England Military Rifle association's annual tournament at Wakefield Tuesday. Weather and wind conditions were almost ideal, perfect scores were numerous. Eight men registered "possibles" of fifty in the Cushing match at 800 yards range. J. W. Heslam of New York made a possible in the Higgin match at one thousand yards and there was also some remarkable shooting in the re-entry matches.

The Essex county match, an individual contest at 200 and 500 yards for a trophy presented by Col. John Caswell, went to Lieut. D. M. Wentworth of Sanford, Me., who had a score of 91.

In the Governor Quimby match at six hundred yards, re-entry, Capt. S. W. Wise of the Sixth Massachusetts regiment, and a musician George W. Chesley of New Haven, who made full scores of 50 and are tied for the trophy.
